Open Source License Policy

The content contained in this Github repository <https://github.com/CityOfBoston/OpenInnovationPolicy/LICENSEPOLICY.md> is sufficiently accurate and reliable such that the Chief Information Office of the City of Boston deems it the official statement of Boston's Open Source License Policy, subject to [applicable law](#).

When developing open source code projects for the City of Boston, adhere to the following guidelines:

Use the City of Boston GitHub Organization

The following GitHub organization shall be where the City's open source repositories will be hosted, absent a significant business, legal, technical or public policy reason for use of another resource.

<https://github.com/CityOfBoston>

Use the Standard Open Source License

The following software license shall be used, absent a reasonable business, legal, technical or public policy reason for use of another license type:

[Standard Boston Open Source Code Licence](#)

Background and Context

To become familiar with the background and context [wiki](#).
